***Allowable Subject Matter***

Claims 1-18 and 20-21 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1-11 are allowed because each of these claims specifically require determining if the storage device is currently in use and logically disconnecting the storage device from the stitching device; then transferring the new stitch data from a source system to the storage device via a wireless connection.

Claims 11-18 are allowed because each of these claims specifically requires a source system having stitch data wherein the data in the storage device is updated by determining if the storage device is currently in use, logically disconnecting the storage device from a stitching device, and transferring new stitch data from a source system to the storage device via wireless connection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
